§ 1.637   Content of motions.

(a) A party filing a motion has the burden of proof to show that it is entitled to the relief sought in the motion. Each motion shall include a statement of the precise relief requested, a statement of the material facts in support of the motion, in numbered paragraphs, and a full statement of the reasons why the relief requested should be granted. If a party files a motion for judgment under § 1.633(a) against an opponent based on the ground of unpatentability over prior art, and the dates of the cited prior art are such that the prior art appears to be applicable to the party, it will be presumed, without regard to the dates alleged in the preliminary statement of the party, that the cited prior art is applicable to the party unless there is included with the motion an explanation, and evidence if appropriate, as to why the prior art does not apply to the party.

(b) Unless otherwise ordered by an administrative patent judge or the Board, a motion under § 1.635 shall contain a certificate by the moving party stating that the moving party has conferred with all opponents in an effort in good faith to resolve by agreement the issues raised by the motion. The certificate shall indicate whether any opponent plans to oppose the motion. The
